

Committed to Helping You **Build Financial Strength**

At Citadel Credit Union, we're proud to be a part of the **Chester County community** — and we have been for more than 80 years. We're honored to support our neighbors who inspire us every day. As a local, not-for-profit credit union, we're committed to helping you create a better future by providing the guidance and tools to build your financial strength — today and tomorrow.

Building Strength Together

We invite you to visit our studios to catch a glimpse into our inner workings, creativity, and inspiration.

Since our last County Studio Tour in September, we have gone back into seclusion. We have been in our studios developing our ideas, nurturing our intuition, and perfecting our skills. Once again, we will emerge this May to share our creative environment and new work.

Our studios vary wildly in size, clutter, layout, and location. Some are sheds or separate buildings while some are tiny rooms or perhaps a corner of a room. These are the places where art is born and our minds roam free. As we find our path, our materials and tools of the trade evolve around us. You will see reference books and bits of inspirational material that some might call junk. There are of course unfinished works or some that were never meant to be finished.

It is not surprising that some of our studios are more chaotic than others, but all are reflections of our art. Some studios are tidy and almost clinically clean where white palettes abound. Other studios are filled to the brim where artwork may literally get spilled out onto the floor. One thing all artists have in common is collective inspiration.

We hope you enjoy the tour as much as we do.

Chester County Studio Tour has always been focused on creating a unique experience that successfully connects artists with the community. Our goal is to continue this tradition and make this event as normal and safe as possible.

County Studio Tour creates a two-day event to showcase, highlight and share these artists with art connoisseurs, collectors, and curious neighbors. It is a unique experience to visit the studios of artists that you have admired or just encountered by browsing the 59 studios and 149 artists included in this catalogue. The Studio Tour is a casual way to introduce yourself to the arts and become immersed in the creative talent scattered throughout Chester County.

THE ARTISTS ARE THE SOUL AND FABRIC OF OUR RICH CULTURAL COMMUNITY. THEY ARE RESPONSIBLE FOR THE SUCCESS OF THE COUNTY STUDIO TOUR.

CREATE A MEMORABLE EXPERIENCE WHILE ENJOYING LOCALLY-CREATED ART.

ART Matters

The arts help build stronger and more resilient communities. They speak to the human spirit and are at the heart of a healthy and vibrant community.

Right now, nonprofits are facing extreme challenges—especially those in the arts. Thankfully, crises provide opportunities for change and growth, and exciting possibilities are ahead for all of us.

CCAA appreciates your support to help continue a legacy of creative inspiration for Chester County.

Buying a piece of art from a local artist does so much, not just for the artist, but for the community. It nurtures and gives value to the creativity in that community. OTTO'S BMW & OTTO'S MINI shares that belief with us.

Chester County Studio Tour has invited the artists to create only one County Collector for \$75. Whether this is your first time buying original art or you are a seasoned collector, there is now something for everyone.

ARRIVE EARLY TO START COLLECTING: THE STUDIO DOORS OPEN AT 10:00 A.M. SATURDAY

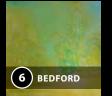

17 FLECK

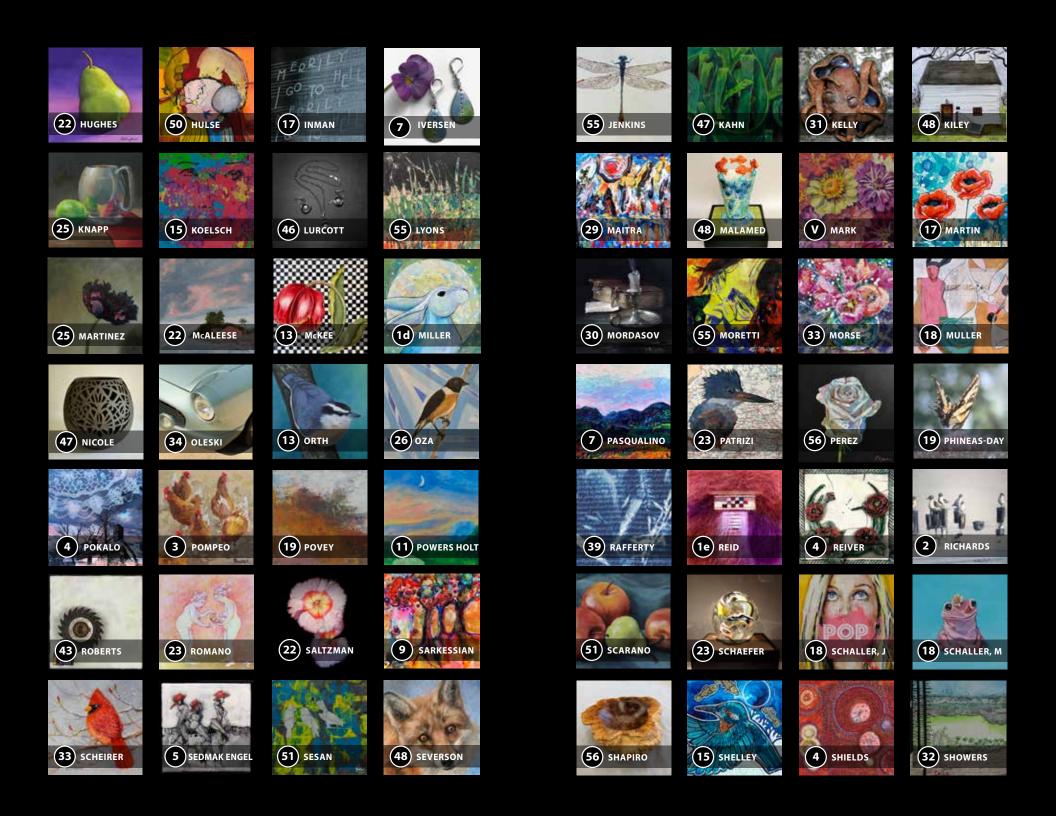

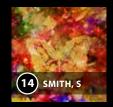

SATURDAY, MAY 14, 2022 SUNDAY, MAY 15, 2022

We want to make art buying as fun as driving. Every time you purchase a County Collector piece we'll give you a chance to drive a Cooper next year during the Chester County Studio Tour. For two days you can visit artists in the Cooper that has enough room for you and three guests. You can buy all your artwork next year and bring it home, but you will need to return the MINI on Monday.

I'm an intuitive artist following a flow of energy in my abstract paintings. I work in oil, exploring and experimenting with the infinite world of color and light. I'm inspired by the elements and processes of the natural world. The work is endlessly fascinating because it's always evolving and changing.

MEET THE ARTIST

As we move on to the new, instead of detaching ourselves from the vintage and classic history in our lives we should manifest them into beautiful nostalgic pieces of art. Beautiful bygones attract me and fuel me to create artistic expressions that get a new life.

HANDMADE BY HALI MACLAREN

"These heirlooms are for ocean lovers who strive to protect our seas. Each piece is handmade by me using traditional techniques and recycled fine metals. Seashells from the Atlantic are molded and cast into durable replicas for charms. Unique found objects like stones, shell shards and sea glass are set like gems to create one of a kind, sea creature jewelry."

Hali MacLaren lives in Chester County, PA and has been in business for over 5 years, making and showing at many local venues on the East Coast. She serves on the Board for the Haverford Guild of Craftsmen, and is a local teaching artist for ArtFusion 19464, Wayne Art, and Main Line Art.

405 West Market Street • West Chester, Pennsylvania 19382 (484) 467-1664

MEET THE ARTIST

I explore life and mystery through my art. I have always been drawn to the ritual, be it formalized religion, iconography, or hocus-pocus/voodoo/mysticism. I examine the relationships between the sacred and the profane, even within the everyday banalities of existence, with mystery and myth surrounding all. My method of breaking down the actual materials used, and then breaking down the imagery, is part of the sacrifice of the hand of the artist making marks, part of the ritual of making art.

Spring City Mill Studios 20 East Bridge Street • Spring City, Pennsylvania 19475 (484) 888-1012

MEET THE ARTIST

My course of study in college led me to a successful career in Marketing and Branding, yet I always maintained the interest in art and design that I fostered in childhood. While I enjoyed my work, I filled my free time with creative endeavors like painting, arranging flowers and doing interior design projects. I currently maintain a studio at Spring City Mill Studios in northern Chester County where I work mainly in oils because I love their vibrancy and durability. My work is currently available through Cerulean Arts Collective in Philadelphia, Station Gallery in Greenville, Delaware and Square Pear Fine Arts Gallery in Kennett Square, PA.
